

QUESTION ONE: MS WORD – Step-by-Step Guide

Scenario: You are the Guild Representative Council (GRC) member preparing a formal report titled *"The Impact of Artificial Intelligence on Online Examination"* for a conference organized by the National Council for Higher Education (NCHE).

(a) Open Microsoft Word and Create a New Blank Document

1. Click the **Start Menu** (Windows) or **Launchpad** (Mac).
 2. Search for and open **Microsoft Word**.
 3. On the start screen, click **Blank document**.
-

(b) Set the Page Orientation to Portrait

1. Go to the **Layout** tab on the Ribbon.
2. Click **Orientation**.
3. Select **Portrait**.

 Portrait is usually the default, but it's good practice to confirm.

(c) Set the Margins to Normal (1 inch on all sides)

1. Go to the **Layout** tab.
2. Click **Margins**.

3. Select **Normal** (this sets Top, Bottom, Left, and Right to 1 inch each).
-

(d) Set the Line Spacing to 1.5 Lines for the Entire Document

1. Press **Ctrl + A** to select all text (or do this before you start typing to set it as default).
2. Go to the **Home** tab.
3. In the **Paragraph** group, click the **Line and Paragraph Spacing** button (icon with up/down arrows).
4. Select **1.5**.

Alternative Method

1. Press **Ctrl + A** to select all.
 2. Right-click and choose **Paragraph...**
 3. Under the **Indents and Spacing** tab, find **Line spacing**.
 4. Set it to **1.5 lines** from the dropdown.
 5. Click **OK**.
-

(e) Insert the Title – Centered, Times New Roman, Size 20, Bold & Underlined

The title is:

| The Impact of Artificial Intelligence on Online Examination

Steps:

1. Click at the very top of the document (first line).
2. Go to the **Home** tab.
3. Set the **alignment** to **Center** by clicking the **Center Align** button (or press **Ctrl + E**).

4. Change the **Font** to **Times New Roman** using the font dropdown.
5. Change the **Font Size** to **20** by typing **20** in the size box and pressing Enter.
6. Click the **Bold** button (or press **Ctrl + B**).
7. Click the **Underline** button (or press **Ctrl + U**).
8. Now type the title:

The Impact of Artificial Intelligence on Online Examination

9. Press **Enter** to move to the next line.

 **Tip:** You can also type the title first, select it, and then apply all the formatting at once.

(f) Add Your Name, Registration Number, and Date – Right-Aligned Below the Title

1. Your cursor should now be on the line just below the title.
2. **Turn off Bold and Underline** by pressing **Ctrl + B** and **Ctrl + U** again (to toggle them off).
3. Change the alignment to **Right** by clicking the **Right Align** button (or press **Ctrl + R**).
4. Optionally change the font size to something smaller (e.g., **12** or **14**).
5. Type your details, pressing **Enter** after each line:

Your Full NameREG-NUMBER-HEREFebruary 14, 2026

 Replace with your actual name, registration number, and the current date.

(g) Add Two Paragraphs – Justified with First-Line Indent

You need two paragraphs discussing the **advantages** and **challenges** of AI in online examinations. Use Lorem Ipsum if needed.

Step 1: Set Up Formatting

1. Press **Enter** to start a new line after your details.
2. Change the alignment to **Justify** – click the **Justify** button on the Home tab (or press **Ctrl + J**).
3. Change the font size back to a standard body size (e.g., **12**).

Step 2: Apply First-Line Indent

1. Go to the **Home** tab.
2. Click the small **arrow** at the bottom-right corner of the **Paragraph** group to open the Paragraph dialog box.
3. Under **Indentation**, find the **Special** dropdown.
4. Select **First line**.
5. Set the indent to **0.5"** (this is the default and standard).
6. Click **OK**.

Step 3: Type or Paste the Two Paragraphs

Paragraph 1 – Advantages (sample Lorem Ipsum):

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum dolore eu fugiat nulla pariatur.

Press **Enter** once, then type the second paragraph:

Paragraph 2 – Challenges (sample Lorem Ipsum):

Excepteur sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum. Sed ut perspiciatis unde omnis iste natus error sit voluptatem accusantium doloremque laudantium, totam rem aperiam, eaque ipsa quae ab illo inventore veritatis et quasi architecto beatae vitae dicta sunt explicabo.

💡 **Tip:** If you write real content instead of Lorem Ipsum, the first paragraph should cover **advantages** of AI in exams and the second should cover **challenges**.

(h) Create a 3-Column Table with Grid Table 4 – Accent 1 Style

⚠️ *The image was cut off here, so the exact table column headings are not fully visible. The instructions below cover the general process. Adapt the column headers based on your full question paper.*

Step 1: Insert the Table

1. Place your cursor below the two paragraphs.
2. Go to the **Insert** tab.
3. Click **Table**.
4. Hover over the grid to select a **3-column** table (choose the number of rows you need, e.g., 3 columns × 4 rows).
5. Click to insert.

Step 2: Apply the Table Style

1. Click anywhere inside the table.
2. The **Table Design** tab will appear on the Ribbon.
3. In the **Table Styles** gallery, scroll or click the **More** arrow (▼) to expand all styles.

4. Find and select **Grid Table 4 – Accent 1** (it's a blue-themed style with alternating row shading).

Step 3: Bold and Center-Align the Header Row

1. Select the **entire first row** by clicking to the left of it (or click in the first cell and drag across all three columns).
2. Press **Ctrl + B** to make it **Bold**.
3. Press **Ctrl + E** to **Center-align** the text in the header row.

Step 4: Fill In the Table

Type your column headers and data into the cells. Example structure:

Column 1 Header	Column 2 Header	Column 3 Header
Data	Data	Data
Data	Data	Data

Quick Reference – Keyboard Shortcuts Used

Shortcut	Action
Ctrl + A	Select all text
Ctrl + B	Bold
Ctrl + U	Underline
Ctrl + E	Center align
Ctrl + R	Right align
Ctrl + J	Justify
Ctrl + S	Save document

 **Don't forget to save your work!** Press **Ctrl + S** and choose a location and filename.
